ICT Infrastructure Grants 2017

Great News for schools is that on the 3rd January 2017 the minister for Education and Skills, Richard Bruton T.D., announced he is investing €30m in ICT infrastructure grants for primary and post-primary schools. Today's investment marks the start of the implementation of the government's €210 Million Digital Strategy for Schools.

Details on the press release can be seen at the link below.

<http://www.education.ie/en/Press-Events/Press-Releases/2017-Press-Releases/PR2017-03-01.html>

More details here http://www.education.ie/en/Circulars-and-Forms/Active-Circulars/cl0001_2017.pdf

A National School with 100 to 500 pupils will receive €4,000 - €11,000 respectively and Secondary schools with 500 to 1000 pupils will receive €15,000 to €27,000.

We currently supply almost 700 schools and colleges throughout the country and are acutely aware of the difficulty in funding repairs to projectors and updating equipment.

Most schools now are moving forward to the Interactive Flat Screens. MiTouch have been one of the original suppliers of these screens have supplied the market since 2011.

These screens are now well established in many schools with exceptionally positive feedback. The advantages are many and the MiTouch pricing is below most other screens.

MiTouch is now the main product supplied by Media Scene Technology who also service the screens. It is of comfort to know that Media Scene has been supporting schools since the mid 1990s and have been part of Guaranteed Irish for most of that time. To coincide with the Department grant we are **reducing our schools special pricing on the 65" MiTouch to €2990 including VAT and installation** throughout the country **AND increasing our warranty to a market leading 5 Year on site** repair or swap out hardware warranty along with the lifetime telephone and email support for any other related issues. Click the link below for MiTouch information.
