IQBoard

IQBoard is an 80" large dimension interactive touch system specially designed for education.
Possessing the power of transforming your space to a dynamic learning environment, IQBoard brings a whole new level of interactivity.

• Toughest Interactive Whiteboard

Made with a solid material, IQBoard is proven to be tough enough to meet the durability requirements of many users in many different situations.

• Interactive touch system

Adopting advanced resistive technology, IQBoard can be operated with any object, including your finger. Simply touch the whiteboard surface with your finger, then you can write in digital ink or interactive with computer directly on board.

• Use Dry Wipe markers or Digital ink

IQBoard allows you to write in digital ink directly on board. You can write and annotate over whiteboard pages, videos, and other applications. OR…turn off your data projector and use the IQBoard as a standard dry wipe whiteboard.

• Save your ideas

IQBoard can save everything on board to editable file, from every single stroke to the whole teaching process. Your extraordinary moment can become eternity.
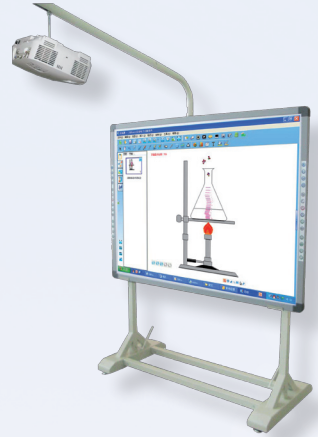

• Stylish appearance

The piano white or galaxy silver aluminium frame endows IQBoard elegant and stylish appearance.
